## Short-Term Rehab

Our comprehensive, post-acute rehabilitation program, *Home Again*, helps our patients return home following illness or injury by regaining the strength, functioning, and mobility they need to live as independently as possible.

We even offer a pre-surgical program called “prehabilitation,” which can help reduce the amount of pain and recovery time following your surgery.

## Assisted Living

Our Assisted Living Residence offers gracious living in beautifully-designed private apartments, along with a professional staff who are guided by our unique assisted living philosophy: “We are here to help you take care of yourself.”

## Memory Care

The secured, homelike environment found in our memory care neighborhood is designed to reduce anxiety while placing an emphasis on cognitive and psychosocial well-being.

## Respite/Adult Day Care

We understand the difficulties that caregivers face when caring for a loved one at home. While it may seem difficult to think about your own needs, every caregiver should have a break and allow him or herself a chance to relax, and your loved one a chance to experience our expert care.
