

The best memory care services in a community committed to each individual

At The Legacy, we believe that a life well lived is one rich in experiences, surrounded by people who have your best interests at heart. We believe that each person's story is unique, and that every story matters. We believe in the importance of what we do, and who we care for. Our memory care services are based on our beliefs.

In our specialized memory care neighborhood, you'll find private suites, individualized programs and the most advanced features, all designed to provide comfort, dignity, and joy to every person who walks through our doors. You'll also find a team of professional, experienced caregivers, all of whom dedicate themselves to one purpose—serving the men and women who call our campus home.

At The Legacy, we are family. Like family, we believe in the power of connection, the value of respect, and the strength of love.

The Legacy

The
LEGACY

A specialized memory care neighborhood

*When our campus is their home,
they are our family.*

We respect their privacy, but are
never too far off to lend a hand.

We enjoy our meals together,
seated at their table.

We are mindful of their needs, their
challenges, and their personal tastes.

We learn their past, enrich their present,
and are honored to be a part of their future.

*We insist on the best for them, because
we know that's what you would do.*

Designed with your loved one in mind.

Life Stations encourage engagement
in familiar tasks, such as caring for
a newborn, or a day at the office.

An outdoor courtyard provides a quiet,
secure place to enjoy birdsong, savor a
fresh breeze, and awaken a green thumb.

Activities cater to the mind, body, and
spirit, and are scheduled with changing
energy levels in mind.

*Serving those with memory challenges
is both our purpose and our passion.
Visit us today to learn more.*

*Life with memory loss has its
own rhythm.*

At The Legacy, we know the beat.

Our *Daily Rhythms* program is based
on protocols embraced by national
Alzheimer's advocacy groups, and allows
us to create a schedule for your loved
one that is comfortable, engaging, and
purposeful. Time spent in the garden,
painting, exercising, or quietly relaxing
is all time well spent at our campus.

*While your loved one's energy levels may
fluctuate throughout the day, our commitment
to nurturing their mind, body and spirit
is a constant they can always rely on.*

Lean on us for support.

When your loved one begins a memory loss
journey, they are not the only one affected.
We understand the challenges caregivers
face, and believe that they should not be
asked to face them alone.

Our monthly *Family Forum* support groups
are the perfect place to seek advice and
find strength, and our *Caregiver's Day Off*
program provides opportunities for both
education and relaxation.

With our *LifeShare* program, you and your
loved one can stay connected, no matter
where you are. Share pictures, messages,
posts and more, instantly.

*Whether you have a loved one at our campus
or are caring for someone at home, you need
only reach out to find that we're here.*
