

Welcome Home!

At Trilogy Health Services, every day is full of opportunity. When you no longer have to worry about the tasks of home ownership, you are free to spend your days as you wish. The options are endless, and each choice is yours.

Start your day on your porch, with a peaceful cup of coffee paired with your favorite book. Afterwards, stop by the clubhouse for one of our fitness classes, or take in the fresh air with a walk around our beautifully manicured grounds. Join friends for a card game, an exciting excursion, or just good conversation over a glass of iced tea. For dinner, head to our campus dining room for a restaurant style meal, served tableside. At the end of the day, return to your villa, where peace of mind is waiting. Open the door, and you're home.

Our Independent Living Villas provide the perfect combination of freedom and security, with an eye to every detail. Open the door to five-star amenities, friendly neighbors, and endless opportunities to pursue your passions.

Your Villa, Your Choice

Your Villa is so much more than where you hang your hat. It's your personal retreat - a place to relax, rejuvenate, and enjoy peaceful solitude or the company of family and friends. Make your Villa as individual as you are. Create a wall gallery of family pictures, display mementos from your travels, and arrange your favorite furniture as you wish.

We understand the added comfort of knowing that some features come standard. Every Villa includes:

- Individual heating and air conditioning units
- Convenient ground-level construction and one-story design
- Attached garage with remote access
- Well-lighted personal and visitor parking areas
- All appliances
- Emergency and fire alert system

Independent Living with Added Peace of Mind

At The Villas, the health, well-being, and comfort of our residents are our utmost priority. Your Villa provides all the privacy you may want, yet is part of a larger senior living campus. Our services and safety features ensure that your lifestyle is as active and independent as you desire, and always accompanied by peace of mind.

As a Villa resident, you'll enjoy convenient access to therapy services, audiology, optometry, podiatry, and dental care. In the case that you may need a little extra help, additional services are also available on our health campus grounds.
