

Luxurious Living.  
Hometown Care.

At Wellbrooke of South Bend, our commitment to exceeding customer service expectations is apparent in everything we do. From our luxurious campus setting, to our resident activities, programs and restaurant-style dining services, we strive to provide an exceptional service experience for our residents, families and surrounding communities.

Welcome to  
**Exceptional  
Senior Living**

# Welcome Home

The moment you walk through our campus doors, you'll feel the Wellbrooke difference. We offer a special kind of residential ambiance with a focus on customer service excellence. From the calming and attractive double-sided fireplace and cozy seating areas throughout this warm and comfortable setting, to the friendly, smiling faces of our staff, the welcoming atmosphere surrounds you. You'll even find surprising features such as an art studio, movie theater, salon and spa. That's because our campus is designed to help residents maximize their independence and encourage social engagement, while our personalized services and amenities provide freedom of choice and the comfort of peace of mind.

- Fire pit

## Assisted Living

At Wellbrooke, quality of care goes beyond our beautiful accommodations. It means staying involved and engaged in the life you love and the things you enjoy. For this reason, we not only offer gracious living in beautifully-designed private apartments, but also a variety of enriching activities and a professional staff guided by our unique assisted living philosophy, "We are here to help you take care of you." This ensures that our residents are offered the perfect setting in which to feel independent, comfortable and at ease, while knowing support is nearby when needed.

## Short-Term Rehab

Our comprehensive, post-acute rehabilitation program, *Home Again*, helps our patients return home following illness or injury by regaining the strength, functioning and mobility they need to live as independently as possible. With innovative therapies led in an extra-large health/rehab gym and state-of-the-art workspaces that mimic real-world environments, such as a kitchen, bathroom and bedroom, we have everything you need to get patients back on their feet. We even offer a pre-surgical program called "prehabilitation," which can help reduce the amount of pain and recovery time following your surgery.

## Long-Term Care

Rest easy knowing we're here to provide all the attention and care your loved one deserves. Our elegant and comfortable Health Center provides 24-hour skilled nursing and comprehensive long-term care services that are specially tailored to meet your loved one's specific needs. Individualized care with a compassionate touch, that's what you can expect at Wellbrooke.

## Transitional Care

Our Transitional Care Suites (TCS) offer a special healing environment for patients who no longer require all the resources of an acute care hospital, but who are still too ill to be cared for at home.
