

The Residence

*Gracious assisted living.
Caring, compassionate staff.*

The Residence offers gracious assisted living, along with a professional staff who are guided by our unique philosophy: “We are here to help you take care of yourself.” Our residents’ beautifully designed private apartments are only steps away from our array of five-star amenities. Here, casual living with just the right blend of care and support is yours.

Our residents enjoy beautifully designed private apartments, chef-prepared meals, individualized services, and an array of activities tailored to their interests and abilities. A staff member is available 24 hours a day to provide assistance as needed, while also helping you remain as independent as possible. Our four wellness levels provide a range of care options from moderate to comprehensive assistance. Individualized care and assistance is provided on a daily basis for one all-inclusive fee, based on the level of care needed.

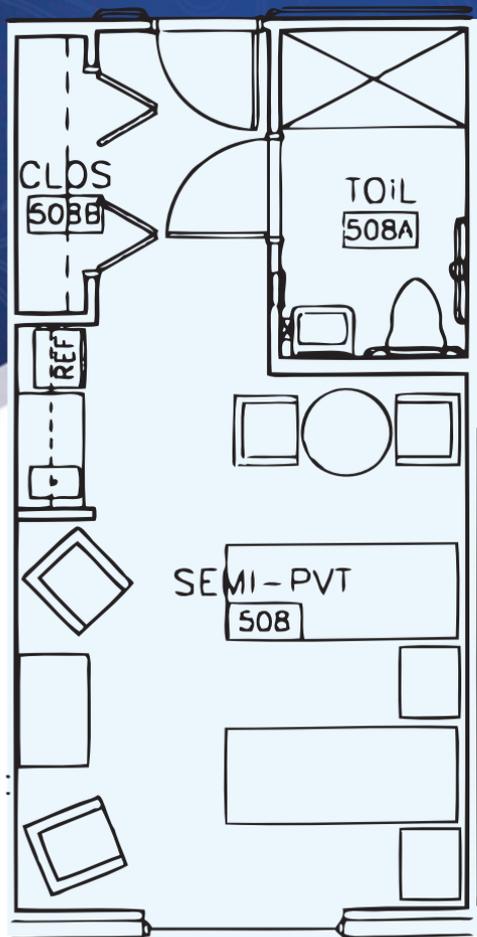

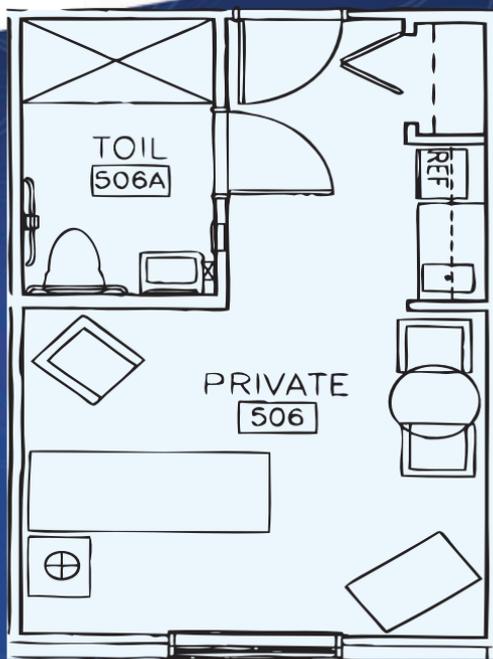

Since our assisted living accommodations are part of a larger senior health campus, around-the-clock skilled nursing care and comprehensive rehabilitation services, including physical, occupational and speech therapies, are available without having to leave your home.
